Agenda

Campus Master Plan
• 2001 – Plan and Design Guidelines
• 2006 Update
• 2014 Update – in process

Carolina North
• Master Plan
• Landscape Framework
Developed in 2001 and reaffirmed in 2006

Support Carolina’s Mission

Export the Qualities of McCorkle and Polk Places

Enhance The University’s Intellectual Climate

Support Local And Regional Planning Principles
What is the responsible capacity for buildings and open space within the character and culture of this institution?

How much can fit here and what will it look like?

What infrastructure is required?
Integrated planning guides campus development

- Transportation and Parking
- Utilities Master Plan
- Environmental Master Plan
- Space Analysis
- Design Guidelines
• North Campus
  • Reinforce the existing fabric by carefully siting new buildings.

• South East Campus
  • Create a fabric of new buildings and open spaces around existing buildings.

• South West Campus
  • Humanize scale with new streetscapes, pedestrian network and open spaces.
Reinforce the existing fabric by carefully siting new buildings.

Science Complex
Caudill Laboratories
Create a fabric of new buildings and open spaces around existing buildings that is memorable and connected to North Campus.

Student and Academic Services Buildings

Rams Head Plaza

Rams Head Plaza
Integrate building with consistent treatment of ground plane and landscape.

FedEx Global Education Center
Humanize scale with new streetscapes, pedestrian network and open spaces.

Michael Hooker Research Center

South Columbia Streetscape
2001 Plan – 11 M gsf available capacity

2006 Plan – 4.5 M gsf available capacity
2006 Campus Master Plan Update

- Redevelopment of remaining sites is complex and expensive.

- Reinforce commitment to open space and stormwater management.

- Reviewed parking strategy, utilities infrastructure and service areas.

- Developed funding strategy for pedestrian safety improvements.

- Limited opportunity for new initiatives. Approx. 1 million gsf “unclaimed” building sites.
• Main campus is near capacity; can not fully accommodate planned growth

• Carolina North is a strategic opportunity

• Mason Farm capacity is underutilized but limited by phasing and transportation

• To fully realize the potential of the three sites:
  • Prioritize - principles, strategic definition, flexibility
  • Connect - programs, open space, pedestrians, transportation
Main campus, Carolina North, and Mason Farm are individual locations that will be integrated to meet the University’s needs.

Main campus is the heart of academic and residential life for students.

Some programs and functions are best served at Carolina North or Mason Farm.

Environmental stewardship will continue to guide sustainable development and operations.

Transportation and infrastructure must be integrated between sites, locally, and regionally.

*Mix of activity— academics, student life, recreation, and intercollegiate athletics – is a defining characteristic of main campus.*
2007 Land Use Strategies

Carolina North
- Academic, Research and Innovation Campus
- Corporate Partnerships
- Faculty/Employee/Grad Housing
- Service/Retail/Civic

Main Campus
- Flagship Research University
- Hospitals/Health Care Centers
- Student Life and Housing
- Intercollegiate Athletics

Mason Farm
- Outreach
- Recreation
- Research
Focus on Southern Precinct

Planning Goals and Issues
- Revised TTA alignment
- Development Capacity
- Parking Requirements
- Infrastructure needs

Review of Refined Planning and options for joint programming.
What is Carolina North?
- 947 acres of land owned by the University

What will it be?
- Mixed-use academic campus
- Extension of the main campus

What does it mean to the University?
- Provide space for necessary growth
- Enable new activities and relationships
- Enhance research mission
50-year Development Plan
