Our Voices

Presented by the local advisors, delegates, and student representatives of UNC’s National Panhellenic Council Chapters
Advisory Perspective:
Beth Collawn, Chapter Advisor, Kappa Delta

- UNC has award winning Greek organizations
- All Panhellenic organizations have active alumnae support advisory boards
- Advisors are committed to education and teaching officers to self-govern in the modern Greek era
- Our advisors demonstrate a strong commitment to the success of our students, every day
At the end of the day, we as advisors do believe…

- That our individual members are priceless.
- That we provide for them the very best in education and orientation to college life.
- That our programs, and the students who execute them, are of superior caliber.
- That our many awards and accomplishments reflect our commitment to excellence.

Hear what our own students have to say about the current recruitment process at UNC.

We believe that you will find precious little is “broken,” and much is exemplary!

What will change if we recruit in the spring semester?

- Lower grades for some, due to distractions of continuous unofficial recruitment.
- Fewer freshman joining campus organizations.
- Fewer freshman becoming engaged in service organizations.
- Less likely to have balanced lifestyles.
In fact....

Deferred recruitment will create a four month long period of heightened social expectations for freshmen.

- Four months of “looking good” all the time.
- Four months of “impressing others.”
- Four months of hearing, “what the boys think.”
- Most importantly, four months of distraction from academic work!
