As of Census, September 6, 2011

Graduate Student Distribution

Graduate Students: More Heterogeneous Than Undergraduates

- Average age is 31
 - Range from 18-70
- Significant fraction of graduate students are married or get married while a student
 - Many have families with children
- Some have children while students
 - Parental leave policy

Career Goals

- Career goals for graduate students are generally well-defined
- Master's students often arrive with specific career aspirations
 - MPH in public health to advance career
 - MPA in School of Government
 - MFA in Department of Dramatic Art
- Some master's students are working toward a PhD
 - Not all PhD candidates earn a master's degree
- PhD candidates will become stewards of their discipline

Professional Development

- Providing professional development opportunities is essential
 - The Graduate Student Center
- More than 160 workshops/seminars/events in 2010-11
- Serving more than 3100 students in 60 departments
 - Critical for success as professionals

Career Guidance

- Career guidance for graduate students is more important than ever before
 - Graduate students seek careers in an ever-expanding market
 - Skills acquired in graduate training are highly transferable
- Re-energized partnership with Career Services will expand opportunities
 - 1st Career Symposium for Graduate Students and Postdoctoral Scholars held on Nov 5

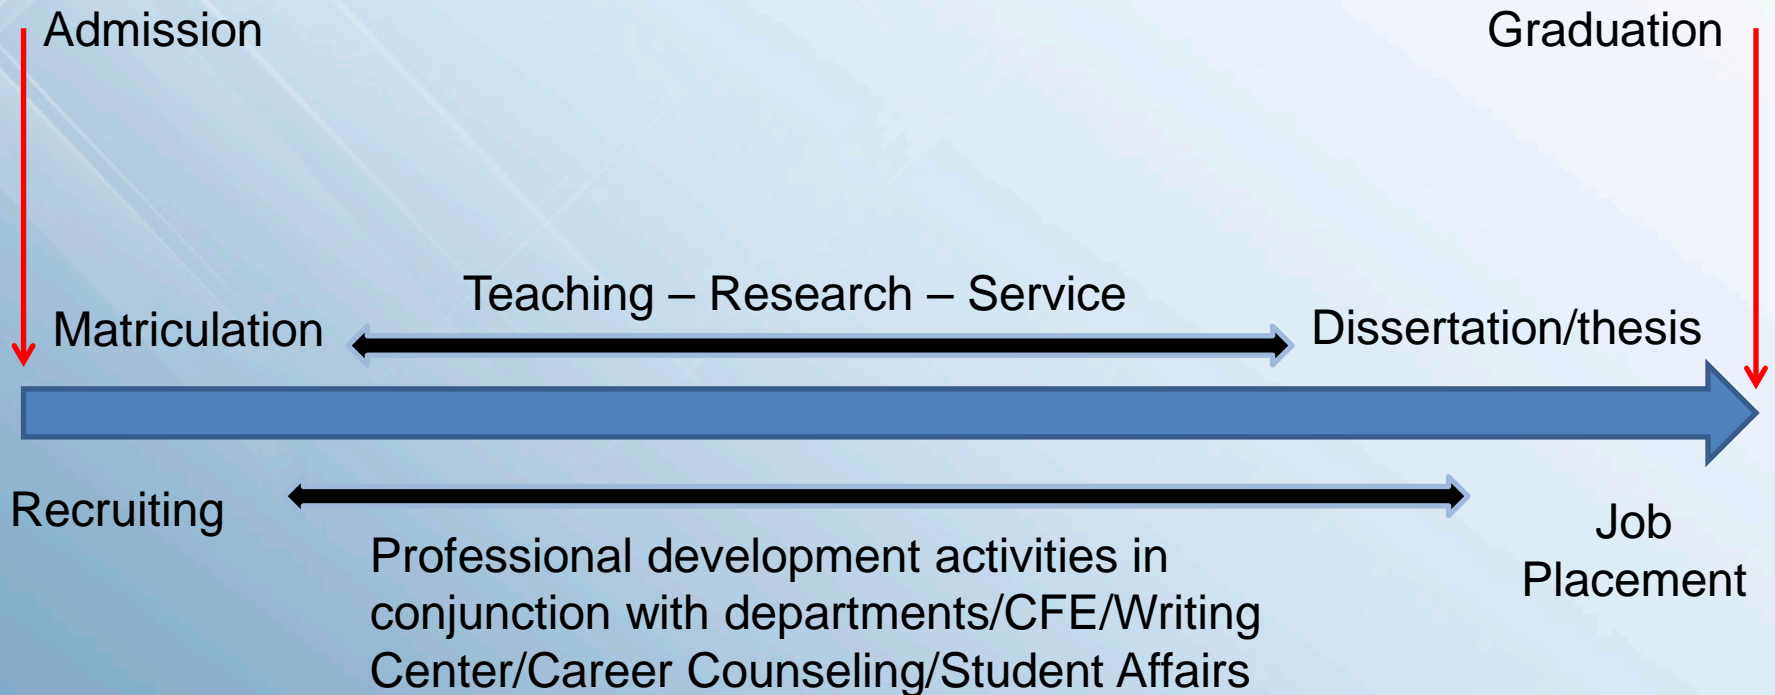

Exit Survey Results

- 78% of our graduate students rated their overall experience at Carolina as very good or excellent
- 63% rated satisfaction with student life experience as very good or excellent
- 78% rated satisfaction with academic experience as very good or excellent
- We are doing well but there is room for improvement
