International Applications by Country

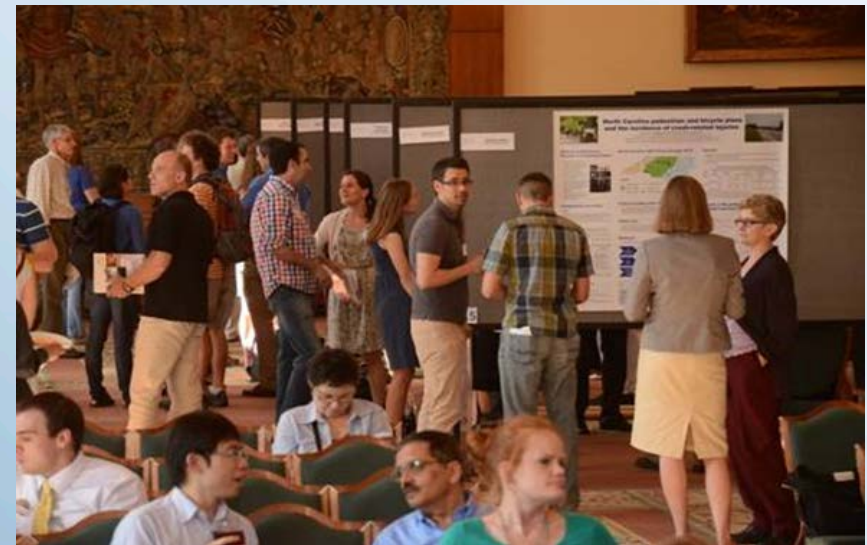

Conclusions

- Enrollment of international students at UNC-CH is about 1/3 the national average
- Impediments to international enrollment include lack of tuition support
 - STEM disciplines are disproportionately impacted
 - Nations like China, Korea and India are investing heavily in graduate education
- Global visiting students program for graduate students
 - Increase international graduate student population

Student Recognition

- 15th Annual Ceremony
- More than 350 students with external awards
 - Over \$5M in research support
- Two national dissertation award winners
- Four Distinguished Dissertation Awards
- University Research Day Awards
- Boka Hadzija Distinguished Service Award

Impact Award Winners

- Recognize outstanding research with an impact on North Carolina
 - 41 Impact Award winners
- From dramatic art to toxicology
- From water quality to treatment of pancreatic cancer
- Share Impact Award research broadly
