The Carolina Recovery Program of UNC Chapel Hill

Broad Comprehensive, Interconnected, Continuum Of Care Approach

Collegiate Recovery is:

<p>A supportive Environment</p> <p>within the campus culture that reinforces the decision to disengage from an addictive behavior</p>	<p>Educational opportunity</p> <p>alongside recovery support to ensure that students do not have to sacrifice one for the other</p>
<p>Accountability</p> <p>for recovering students that comes from both higher education staff and peers</p>	<p>A genuine college experience</p> <p>for individuals with addictive disorders apart from the culture of partying that is present on today's campuses</p>

“Recovery...Retention....Progression...Graduation”

Program Development – National Best Practices

Transforming Youth Recovery – 38 Assets

Notion	Establishment	Maturity	Sustainability
Cultivate a small group of students in recovery as the foundation upon which to build a community	Create a sense of community among students in recovery and emerging local coalitions	Formalize the collegiate recovery community experience into a defined program	Identify groups that can strengthen the coalition of support for students in recovery

- 9 assets critical to starting any collegiate recovery effort
- 20 additional assets essential to serve and support students in recovery
- 9 assets that can contribute to a sustainable community

Recovery Capital

The quantity and quality of internal and external resources that one can bring to bear on the initiation and maintenance of recovery.

Program Supports

- Withdrawal and return clearance [procedure](#) in conjunction with CAPS
- Recovery Coaching *
- SoberLink Abstinent Verification Technology *
- Living in Recovery Oriented residence
- Case managing
- Direct Service coordination and support
- Urine testing – acts as a protective factor and adds layer of accountability
- Academic support and coaching

*There are extra costs associated with these supports, the CRP has funds to offset this expense if students and their families need assistance.

Opportunities

- Dedicated central drop-in/programming/safe space
- Growing relationships with UNC related treatment providers and related resources
- Increasing research in the areas of young adult addiction and collegiate recovery
- A coordinated comprehensive approach/relationship between the above

NC CRP's with Dedicated Space

UNC-G Greensboro:

Appalachian:

UNC Wilmington:

UNC Charlotte:

East Carolina University:

UNC Related Providers Opportunities

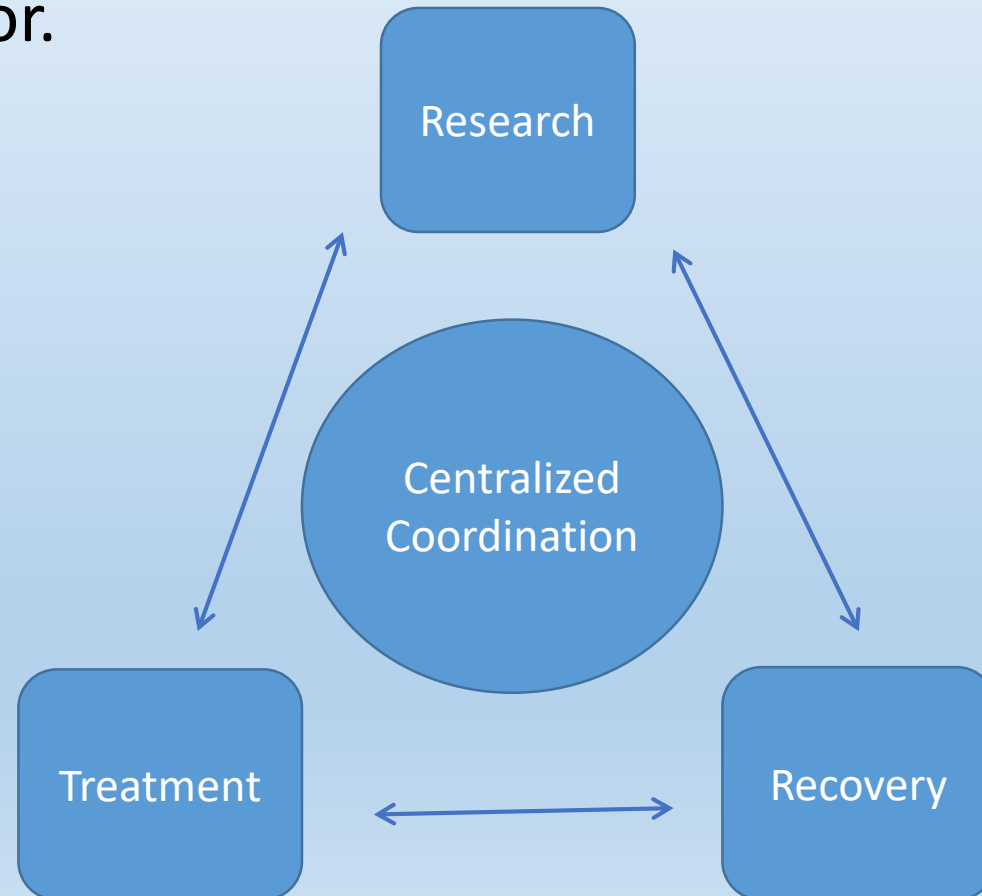

- UNC-CH Horizons program for women
- UNC Hospital's Alcohol and Substance Use Program (ASAP)
- UNC Health Care's Neuro Physicians

Research Opportunities

- Bowles Center for Alcohol Studies
- Research faculty in Medicine, Social Work, Public Health, Psychology
- Duke Faculty Research
- Federal Research dollars in these two areas are abundant
- Combining efforts across disciplines on campus, and between campuses, create exponential opportunities

Comprehensive and Collaborative Approach

Combining, coordinating and concentrating efforts across the various disciplines - ***Research, Praxis (treatment), and Recovery*** create an Academic 'destination point' that UNC-CH as a Research 1 institution is perfectly poised for.
